Bothell High School Alumni Association

## ***BHS ALUMNUS PUTS THE “BAD GUYS” AWAY***

By Carole Wikel Johnson  
Class of 1967

Pictured at left is Trisha Johnson, a second generation *Bothell High School* graduate. She grew up in Bothell and lived with her family north of town, near *Thrasher's Corner*. She attended *Northshore* schools from kindergarten on, including *Crystal Springs Elementary*, *Canyon Park Junior High*, and *Bothell High School*, where she graduated in 1987.

During her years at BHS, her favorite subject was history and she enjoyed her history teacher, Mr. Hill. She appreciated his teaching format, which he patterned after a *University of Washington* professor he admired. Trisha liked how historical facts connected to tell an interesting story. Decades later, in her profession as a Senior Criminal Deputy Prosecutor for Skagit County, she uses the same type of logical connection of facts to present her cases to a jury; to tell them a true story.

After her graduation from *Bothell High*, Trisha attended the *University of Washington* for four years and studied Political Science and History. It was there she met her future husband, Dennis Neal. She graduated in 1991 with a degree in Political Science. While she had obtained enough credits for a minor in History, it would have required attending the UW another year and she was on a mission: a seven year plan to her law degree.

Next, she attended the *University of Puget Sound School of Law* for three years and obtained her law degree in 1994. During her final year, the *UPS School of Law* was purchased by *Seattle University*, so she was awarded two certificates, one as the last graduating class from *UPS School of Law*, and another as the first from *Seattle University School of Law*. She had her Juris Doctor, and passed the Washington state bar soon afterward, but it wasn't all smooth sailing.

As most best laid plans meet impediments, Trisha's was no exception. She was in a vehicle accident on the freeway just a couple of weeks before her final exams and a couple of months prior to taking the bar exam. While driving a compact car, a commercial truck traveling alongside and just behind her changed lanes into her lane, hitting the rear corner of her car and causing her vehicle to spin completely around, at which time the truck hit her head on. Amazingly, her injuries weren't as serious as they could have been. She began therapy right away and along with meeting the challenge of exams, spent the following year making a full recovery.

In 1996, Trisha became a Judicial Assistant to a Superior Court Judge in Pierce County. She ran the court and did research and briefing for her judge, as well as other judges in the court, as needed. This provided the opportunity to learn courtroom protocol and sit in on trials on a daily basis, which she found intriguing. Over time, Trisha observed and made determinations as to what was required of a good trial attorney. It was here she made the decision as to where her law degree would take her. Prior to this experience, she had considered avenues of corporate, contract, or environmental law. Now, she knew she would be a criminal prosecutor. Her storytelling capabilities of the facts could make complicated cases seem clear and easy to understand to a jury.

In 1999, Trisha married her college sweetheart, Dennis Neal, and the judge she worked for in Pierce County officiated in a lawn wedding at her parents home in Bothell. The latter part of 2001, the couple constructed their own home in Marysville, where they could raise a family. Today Trisha works for Skagit County as a Senior Deputy Prosecutor. One of her primary functions is as a liaison with the county's drug task force, D.E.A., (Drug Enforcement Administration), and Homeland Security. It may not be common knowledge that both the Yakima and Skagit Valley have become major hubs for the distribution of Mexican cartel drugs. Part of the drug task force's job is to identify and shut down meth houses, which have become common in outlying areas and present a large threat to society and its youth.

Prosecuting the related cases requires extensive training to be able to thoroughly understand the criminal involvement and maintain accurate facts. Subsequently, Trisha attended an intensive instructional seminar with other prosecutors, fire fighters, and law enforcement personnel to learn how to make methamphetamine. It was necessary to wear hazardous materials handling gear and with a hands on approach, the group systematically learned how the criminal creates the drug. Knowledge is power in the courtroom. Trisha has maintained Clandestine Laboratory certification for ten years now, and due to current concerns with acts of terror, the training now includes bomb identification, as well.

Trisha's position requires that she maintain constant contact with law enforcement and they consult her prior to making a "bust" to ensure evidence will hold up in court and the desired result is accomplished. There have been occasions when she has joined deputies in an arrest to meet social workers on site and guarantee any children involved are placed in safety.

Additionally, since fire arms are often involved in criminal cases, it was necessary for Trisha to familiarize herself with all weapons that may be involved in a litigation. Under the guidance and training of law enforcement, she handled and learned about weapons, firing each in turn.

Trisha's expertise in the law pertaining to the sticky subject of electronic surveillance, which she constantly reviews with her task force deputies, as to what is and isn't allowed under the law, has led to many speaking engagements at various training seminars across the state.

While the majority of her cases involve drug trafficking, Trisha also works with homicides and other criminal prosecutions. A current case, which we aren't at liberty to discuss, involves an elderly man who went missing and the search led to locating his body and uncovering a plot to kill him. With a challenging and often stressful job like this, it helps to have your loving family waiting at home when you arrive.

Trisha and her husband, Dennis, still live in their home they built on acreage in Marysville, which is a short commute from her office in Mount Vernon. They both successfully juggle work and family. They have two beautiful daughters, Taryn, age 9, and Sabrina, age 7. These little girls are my granddaughters, and I'm very proud of my daughter. Keep up the good work, Trisha.

## BHSAA 2013 SCHOLARSHIP

Submitted by the Scholarship Committee:

B-Z Sundstrom Davis (Chair), Class of 1974  
Katharine Shogren Clark, Class of 1977  
Laurie Sundstrom Longinotti, Class of 1972

Pictured at left is Thompson (Tommy) Forker, the 2013 selection for the *Bothell High School Alumni Association* scholarship. Tommy has wanted to be a firefighter since he was a young boy. He plans to attend *Central Washington University*, where he hopes to be involved in the volunteer fire dept. During school he learned basic fire and EMS skills through the WANIC program. He also participated in the City of Bothell's "Ride Along" program.

Leadership was a focus in high school but Tommy was also a member of the football team. However, he admits that his heart belongs to wrestling. He feels that his involvement in wrestling helped him grow into a confident and motivational leader. Tommy hopes to return to Bothell, live in his ancestral home and start a family. Congratulations Tommy.

## A WORD FROM THE PREZ'

By L. G. "Bud" Eaton  
Class of 1961

Greetings *Bothell High School* alumni from your association president on this, my third, report of the condition of your alumni association. The association is in good order and operating within budget limits; there are no outstanding liabilities, except those planned in the 2013 budget.

We do have two current short falls that we would like all membership to help remedy. The first one that plagues our association is lack of active membership. You can help by encouraging your classmates to get on board and sign up or to renew if their membership lapsed. Help us meet and improve our mission to provide scholarships for *Bothell* graduates, promote activities which strengthen bonds between alumni, and preserve *Bothell High School's* past.

The second is our web site. As you may or may not know, the web site was up and then it was down. The reason was a conflict in communications between the board and the web master who built our web site. These communication conflicts finally led to a separation of the web master and the board. We are currently looking for an alumni member to volunteer some time to help us get up and running using "Class Creator." For information, please contact me @ 425-488-8350 or e-mail [etonsba@hotmail.com](mailto:etonsba@hotmail.com).

The *BHSAA* board recently received a letter of resignation from Helen McMahan, Class of 1936. In 1994, she fostered the idea to create an alumni association and gathered support from others to form this association. In February 2010, she received a proclamation from the board addressing her tenure on the board. Pursuant to her resignation, the board wishes to thank Helen for the years of service, accomplishments, and achievements since being a key founder of the *BHSAA*. We wish her well in her next venture, what ever that will be.

It will be our goal to honor Helen's legacy in preserving the association for current and future graduates. The new *Cougar* mascot is going over well and brings attention to the association wherever it appears. Keep your eye out for it.

Additionally, I would like to recognize two recently created association committees. The first is that of *Public Information Officer* (PIO), which is now being directed by Carmin Dalziel, Class of 1989. She will take the lead in an effort to bring attention to the association and it's activities in the community. She will see that more association events and activities are published in the community through news media and other sources available to us.

Second, the *Sunshine Committee*, directed by Katherine (Kate) Shogren Clark, Class of 1977, was created to monitor our member's health and wellness. If you hear of any alumnus that is in a hospital or medical facility or has passed on, please contact one of the board members or Kate Clark at 206-819-1683 or Bev Schmer at 425-488-8260.

Finally, in closing, we plan to continue ongoing efforts to create a second scholarship targeting students who want to attend a vocational college or training center, but while reviewing finances during the 2013 budget process, we discovered that we did not have the extra funds to support a second scholarship this year. However, it was recognized that with the current cost of education, our existing scholarship of \$1,500.00 was in need of revision. The board agreed that an increase was warranted and we were able to increase it by \$500.00 to \$2000.00, effective with the 2013 grants.

See you at the *All Alumni Picnic* in August. It is going be a beautiful, warm, sunny day, so pack your picnic lunch and join us. Oh yes; if you have a classic car, bring it with you and enter in the car show.

### **McMenamins Locates in Bothell**

Check out the advertising flyer at right that *McMenamins* is circulating in conjunction with the summer 2014 opening of their new establishment in what was once *Bothell's* W. A. Anderson school. Plans include preservation of the historic building and outbuildings to create a 70-room hotel, restaurant, pub, movie theater, live music venue, spa, community garden, pool, and meeting space.

## What was that in the Locker next to Yours?

### We Want to Hear about It!

Later this summer, *McMenamins* will start its renovation of the grand old school and grounds to create a unique, fun lodging, dining and gathering place, which celebrates its past through artwork, historic photographs, memorabilia and events.

In the meantime, we want to learn all about the *Bothell* School experience from you, your former classmates, teachers, cafeteria workers, janitors, bus drivers, etc.

**PLEASE CONTACT US WITH STORIES, PHOTOS, AND LEADS.**

## MEMBERSHIP

Active members: 182  
Life members: 165

The *Association* sincerely thanks all members for their generous donations, and continues to work on increasing membership. Spread the word to those who are not yet members.

There is now one *Association* renewal, annually, in August. We accept renewals at the BHS All-Alumni Picnic at Blyth Park on August 18th, so plan to get your membership card then. After the picnic, we will mail reminders to all those that didn't renew at the picnic.

### ATTENTION SNOWBIRDS AND TRAVELERS:

The US Post Office charges the *Association* for returned newsletters so often snowbirds, extended travelers and those who have moved cost the *Association*. Many of our members are travelers and over the year this can add up. If you will be temporarily away, please call or write us when you will be gone and if you move, be sure to update us. Remember that we mail at the end of November and June so call us at 425-488-8260 or email [bhsalumniassociation05@msn.com](mailto:bhsalumniassociation05@msn.com).

## MEMORIAL GIFTS

A *Bothell High* scholarship is another way to honor a friend or loved one who has departed. The scholarship fund is a great way for a friend or fellow classmate to express their love or friendship. Show your appreciation or sympathy during times of sorrow or note the anniversary of someone's passing. If you wish an acknowledgement recognizing your contribution, inform us and provide name & address. The amount of your gift is not disclosed.

## NOTICES

## ***Volunteers***

The *Association* is always looking for volunteers. Dorothy Denning Johns, Class of 1952, has agreed to assist with archiving and is currently handling our obituaries. As part of the deceased alumni verification process, we ask for an obituary notice to guarantee accurate information. These are reviewed to verify information and enter it into our database. Then the obituary is entered into a book for reference.

We also possess many school papers and pictures that need to be cataloged and perhaps displayed. Archiving involves displaying or storing these old documents in a manner that will preserve our history. We also scan items when possible. We have scanned all of the commencement programs we have, which include 70 of the almost 100 years of graduations at *Bothell High School*.

### **HELP! PLEASE COPY YOUR COMMENCEMENT PROGRAM AND SEND IT TO US.**

**We are missing the following programs for these years:**

**1912-1918,1920,1921,1923,1926,1927,1929,1930,1932-1934,1937**

**1939-1941,1960,1970,1972-75,1979,1980,1981,1982,1984-86,1988-1990,1993,2005 and 2010.**

**Additionally, we have copies of the following programs, but would like originals if you could donate them:**

**1919, 1928, 1935, 1938, 1941, 1943, 1944, 1946, 1947, 1948, 1949, 1951, 1952, 1954, 1955, 1956, 1957, 1958, 1961, 1962, 1968, 1969, 1971, 1976, 1977, 1978, 1983, 1995, and 1996.**

If you have one of these, please send it or a copy of it to PO Box 554, Bothell, WA 98041.

We also scanned many diplomas and graduation announcements. Additionally, we scanned all cheerleaders and football players in all the annuals, which was done for a different project. As you can see we have been working hard to preserve the history of *Bothell High*. Would you like to help with this? If so, please notify the *BHS Alumni Association* at PO Box 554, Bothell, WA 98041 or call 425-488-8260.

We now have a "Sunshine Committee" chairperson, Kate Shogren Clark, Class of 1977, and we plan to send condolences from the *Bothell High Alumni Association* to families of our deceased. Please send any passings or obituaries to PO Box 554, Bothell, WA 98041. If you know someone that could use a card, whether in the hospital or recovering at home, please send us their name and address.

Once again, the reunion was held at the home of Robert (1955) and Sue Watson in Yuma, Arizona. It is always the 2nd Sunday in March, so next year's date will be March 9, 2014. There were 27 alumni in attendance this year, with several new folks attending for their first time . The group read Garner Powell's poem, "We are the Cougars" again as a tribute and reminder of Garner's passing and that of his wife, Charlene, who passed away this past February.

# BHS Class of 1967 45th Reunion in 2012

By Carole Wikel Johnson  
Class of 1967

*Bothell High School's* class of 1967 alumni celebrated their 45th reunion last summer in a joint affair with *Inglemoor High School's* class of 1967. The classes have often joined forces in the past since many of the alumni attended school together through their sophomore year, until *Inglemoor* was built and the classes became rivals in sports. The event was a casual affair held on Saturday, August 18th, 2012 at the *Kenmore Community Club*. Alumni brought their own beverages and plentiful food was provided. It was a hot summer night and there was no doubt it was enjoyed by all 110 guests, which was a reasonable turnout for a "mid-decade" reunion. Left-over food was taken to the BHS All-Alumni picnic the following day. Following are some great photos taken during the festivities; sorry we couldn't include all the photos. Alumni from 1967 can join the classes *Facebook* group page to view all photos by searching "BothellHighSchoolClassof1967Alumni" from their own page.

Contact the Association if you can help in some way. Volunteers are the blood of BHSAA.

The following letter of correction was sent to Alan & Nancy Strand regarding last issue's "Wall of Honor" recognitions:

Speck and Nancy:

I hope that you two are doing well. You will no doubt be getting better by the day as spring begins to unfold in the great north-west. I am emailing you regarding the tasteful announcement of 2012 Wall of Honor honorees in the Dec. 1, 2012 edition of Cougar Tracks. It was nice to be recognized in the publication. However, my University affiliation was noted incorrectly. This error had been made in earlier communication and I forwarded the correction. Somehow the change didn't carry over to the Cougar Tracks publication. The University of Texas designation is for UT Austin. I teach at a separate university - The University of Texas at Arlington. Both universities, along with many others, are part of the University of Texas System, but function as completely separate and independent entities. My university is not merely a separate campus of UT. Perhaps this correction can be noted and the correction sustained in any future announcements. I would appreciate it if that's a possibility.

I'll be back to Bothell in August and hope to see both of you on that trip. As you likely know, Nardo is throwing a 70th birthday party for the Class of '61 on August 17th. You and Nancy should plan to crash the party!! All would love to see you both.

Warm regards,

Don
